corps of able contributors and special correspondents will be employed. ** Every department will be improved and new ones added.

The great battle of the people against plutocrats, of the masses against the classes, is on. It will never end till the people triumph and the cause of justice is fully established.

During the year of 1897, THE CAUCASIAN will stand in the forefront of the battle. In arousing and educating the people, in at vecating the principles of the reform movement, in exposing from and corruption THE CAUCASIAN will be vigorous, fearless an uncompromising. The principal features for the paper for the coming year may a outlined as follows:

Political News.

Especial attention will be devoted to political news. All important events in the progress or decline of parties in the United State will be chronicled. Especial attention will be taken to keep the resters of THE CAUCASIAN fully informed on political events the transpire in our own State. We will give when possible the news the the partisan papers suppress.

State Legislative Reports.

THE GENERAL ASSEMBLY OF NORTH CAROLINA wills in session in January and the people will desire to be informed of the work of that body. THE CAUCASIAN will present its readers will a full and non-partisan report of its proceedings and will not suppress the truth.

United States Congress.

THE CAUCASIAN has secured the services of one of the formost writers, and he will send weekly letters containing all the intesting news of the Nation's capital. In addition Senator Butler of contribute weekly articles besides editorials, thus making Congressional report full and interesting. Letters From the People.

This department has been to a great extent lost sight of rather through our Alliance brethren than our own, and we trust, that all Sub-Alliances will send such news and suggestions regarding Alliance work and programs for Alliance meetings as will prove of interests all Alliance men. Send us reports from your county and sub-lodge for this column.

When purchased in the regular way, these patters cost from twenty cents to fifty cents apiece, consequently our of makes every copy of this paper worth that amount extra.

Advertising.

THE CAUCASIAN desires to handle the advertisements of only first-class business firms and we intend to keep out all "fakes" admitising—thereby protect our readers and honest advertisers alike. We believe that the only way for us to make money by advertising to make money for those with whom we deal, and we can do this because we have a large and progressive paper.

If you think advertising is simply a matter of sticking in ANI paper a few lines of old poster type or a few figures, we should prefer not to be consulted until you learn that this is a mistake. Advertising is a science.

An advertisement should be written carefully and studied so as a catch the public eye and then be run in a paper that will care just advertisement to the homes and firesides of the people who will your customers. But what are the facts? We give below the Democratic vote in Sampson in 1894 and 1896 to show that the Democrats have not only not increased in strength but have weakened since 1894. The Democratic vote on Sheriff and Regisof Deeds for the last two elections

For Sheriff, J. M. Spell, in 1894 received 1,421 votes. For Sheriff, J. R. McPhail, in 1896 received 1,308 votes. For Register of Deeds, J. A. Beaman, 1894 received 1,350 votes. For Regter of Deeds, W. W. Herring, in 1896 eceived 1,263 votes.

The Challenge.

For The Caucasian. !

My recent challenge that "The national Republican party has committed more frauds against the ballot box than any and all other parties that ever had an existence in this country com-bined," not having been accepted, I beg leave to submit a few remarks for the purpose of establishing the above alle-

the various cincts in said State. They took possession of the polls and had everything their own way, which gave them an opportunity to "fix" matters before the vote was counted. As a result, Thos. E. Bramlette, the Republican candidate for Governor, was elected by a large majority, and I believe the entire Republican ticket also.

Maryland was also carried at or about the same time by the Republicans, methods similar to the above being employed. (See "Our Country's Crisis," by Amos Kendall, who was Postmaster General under Gen. Jackson. Also, "Object of the Administration in Prosecuting the War," by the undersigned. This document and probably Mr. Kendall's also, is on file in the Congress-

ional Library at Washington.)
It is a well known fact that Hayes was a fraud from beginning to end, never having been elected, but simply fraudulently counted in. Consequently the word, President, should never be associated with his name.

To elect Hayes it was necessary for him to carry South Carolina, Florida, Louisiana and Oregon, and would then have had but 1 majority.
Soon after the election McLynn, the

Republican manipulator of Florid., lost his wife and several children. Believing that it was a judgment from heaven and probably fearing other dis-asters, he came out and made an honest confession, stating that "Florida honestly went Democratic by 47 majority.'

The Constitution says that "No person holding a Federal office of trust and honor shall be appointed an elector." At the time of the election one of the electors of Oregon was postmaster, and consequently could not be appointed. Tilden was therefore clearly entitled to 1 of the 3 electoral votes in Oregon, which would have made him President by 1 majority, to say nothing of Florida, South Carolina and Louisiana, all of which were doubtless legally and fairly carried by Tilden.

tion, received up to June 3d, both of the candidates of the Peoples Party the candidates of the Congress, Van-leated June 1 to Congress (Van-leated June 1 to Congress) by a majority nearly as large. Their election was "conceded." At length a "recount" was ordered. Alleged "mis-counts" and "defective ballots" were found, averaging about 100 for each county. The result was that the Peoples Party candidates were left and the

As for the frauds in Kentucky and Judge Fleming Resents His Discharge in California, they are certified to by unprejudiced witnesses on both sides. Not only the newspaper correspond-ents, but a majority of the election moved from the position as Chief of officials in California, admit that some the Law and Record Division of the Supervising Architect's Office, Treasury Department, on Wednesday last, yesterday sent the following letter to list tickets in Sir: Our government guarantees to Democratic tickets in another, thus speech so that every American has the natural right to express in a proper manner his political opinions. that we do not know the meaning of the word. In Kentucky the chicanery is more elaborate and more determined. There, if we may believe apparently authentic reports, somewhat opulently con-firmed by appearances, the returns from the strong Rep blican district, the Eleventh, were held back, pre-sumably for the purpose of ascertaining to what extent they would have to be padded in case of a Bryan plurality elsewhere. This is an old and greatly approved political device—much, reapproved political device-much, re-sorted to and profoundly admired in the good old days of robust campaign methods and illustrious bosses. We all remember how the returns from the Coney Island district were held up in 2884, and how, for three whole days the country palpitated with uncer-tainty as to whether Blaine or Cleveand had been elected. It turned out finally, that Mr. Cleveland had about 1,100 the better of the count, and upon that showing he became President of the United States. But the "hold-up' expedient is not regarded with favor n these later days, and as to this paring the creed and nominees of his party as would be a Cabinet officer in icular Kentucky case it looks uglier

than usual, The complications, all of them, are tivity in the campaign, which has just to be regretted. Of course McKinley closed was ever made known to me is elected, no matter what may be the pending the campaign. Sizes for 8 and 10 years. The little frock illustrated is of adet-blue cashmere, trimmed with rows of narrow, black velvet ribbon. The straight, full skirt is finished at the foot with a deep hem and banded with rows of the velvet. It is gathered to the waist, and on each side of the front several tucks headed by rows of velvet are run down five or six inches, the velvet bands ending in loops. The lower, closefitting parts of the sleeves are trimmed to match, and so is the square bertha. The waist is the regulation full "baby" style, held in place by a fitted lining, and the yoke is of Irish point lace; velvet or fancy silk can be used for this, if preferred. Fancy or plain woolens may be used for this model.
